

1. As a traveler, I want the Spotify playlist generator app to use my current geographic location to create a playlist that reflects the local music scene. For example, if I'm in New Orleans, I want the app to generate a playlist with jazz, blues, and funk music.
2. As a person who enjoys listening to music while walking, I want the Spotify playlist generator app to create a playlist that's tailored to my location and the current weather conditions. If I'm in the park on a sunny day, I want the app to create a playlist with upbeat, energetic music that matches the weather of where I am.
3. As a person who likes to listen to music while working from home, I want the Spotify playlist generator app to create a playlist that's appropriate for the time of day. I want the app to create a playlist with mellow, relaxing music in the morning and a playlist with more upbeat music in the afternoon.
4. As a person who commutes to school every day, I want the Spotify playlist generator app to create a playlist that's upbeat and exciting based on the time of the day in order to get me ready for my day as I walk to my classes.
